No. 1(3)44/SM/VI/D/2022
Dated: 28 January, 2022

Dear Prakash Goenka ji,

You are aware that our country has cemented its position as the second largest producer of steel in the world consistently for the last 3 years. This could not have been possible without the support of the SMEs in the steel sector who produce 50% of the steel which is manufactured in the country.

2. I am writing the letters to complement the contribution of your company which produces steel through the Induction Furnace/Electric arc Furnace and has a capacity of 250000tonnes. Despite the challenges posed by the ongoing Pandemic, your company has continued to perform well under your leadership and with the positive support of your team.

3 You are aware that the National Steel Policy of 2017 envisions that we achieve 300 MT by 2030 wherein player like you will have to play a major role. I will be happy if you could share with us your plan for enhancing your capacity by 2030-31. Based on your inputs, we look forward to create the right ecosystem and give any specific support needed by your company and by the SMEs at large to perform better.

4. Looking forward for your inputs either through mail or through the link which has specially being created on the website (<https://steel.gov.in/>) and wishing you the very best in your future endeavors.

With regards,

Yours sincerely,

(Ram Chandra Prasad Singh)

Shri Prakash Goenka,
